INTERURAN BONUS WILL BE ADDED TO

Committee Feels Encouraged After Conference With Mr. Kellogg.

The interurban committee is encouraged and is at work harder than ever to increase the amount of the bonus which is to be offered the Stone-Webster company.

U. W. Kellogg, general manager of the El Paso company, arrived here Sunday from Dallas. He had a conference with the interurban committee Monday morning. The committee made an informal report showing him what had been done and what the committee expected to do. Mr. Kellogg gave the committee much encouragement and suggested that a further effort be made to increase this bonus before June 15, when M. M. Phinney, president of the El Paso Electric railway, is expected here to confer with the committee. Mr. Kellogg also suggested that the entire right-of-way be arranged for so that this could be offered the company without any strings attached when Mr. Phinney came.
